Vancouver, British Columbia--(Newsfile Corp. - February 28, 2024) - Visit **Viva Gold Corp** (TSXV: VAU) (OTCQB: VAUCF) at Booth #2841 at the Prospectors & Developers Association of Canada's (PDAC) Convention at the Metro Toronto Convention Centre (MTCC) from Sunday, March 3 to Wednesday, March 6, 2024.

About Viva Gold Corp

The Tonopah project sits in the middle of gold mining country and controls a major land position on the prolific Walker Lane Trend in Western Nevada. Viva has consistently grown its resources since 2017 and has commenced a new, fully funded drill program to further define and grow the current resource base. The Company plans to update the resource model and initiate Pre-Feasibility Study in 2024, both of which are major catalysts and value creation events for shareholders. Viva Gold is led by CEO Jim Hesketh, a 40-year veteran in the mining space who has led the development and construction of eight other mines around the world throughout his career. Jim has surrounded himself with equally experienced mining professionals both on the management team and the board. The Tonopah Gold Project has all the hallmarks of a successful mining development project as key infrastructure is in place and is supported by compelling economic studies. Please reach out and get to know us as 2024 is shaping up to be a transformational year. Viva Gold trades on the TSX Venture exchange "VAU", on the OTCQB "VAUCF" and on the Frankfurt exchange "7PB". Viva currently has ~118.4 million shares outstanding and boasts a best-in-class management team and board with decades of both gold exploration and production experience. The Company is advancing its high-grade Tonopah Gold Project in mining friendly Nevada with the support of several institutional shareholders. More information can be found on <https://www.Sedar.Com> (<https://api.newsfilecorp.com/redirect/kOYO5soP7A>). Viva is committed to developing the Tonopah Gold Project in an environmentally and socially responsible fashion. These values are aligned with management's core values and permeate throughout our decision-making process.

About PDAC

The World's Premier Mineral Exploration & Mining Convention is the leading convention for people, governments, companies and organizations connected to mineral exploration. In addition to meeting more than 1,100 exhibitors, 2,500 investors and 24,000 attendees in person in 2023, participants could also attend programming, courses and networking events.

The annual convention is held in Toronto, Canada. It has grown in size, stature and influence since it began in 1932 and today is the event of choice for the world's mineral industry.

For more information and/or to register for the conference please visit: <https://www.pdac.ca/convention> (<https://api.newsfilecorp.com/redirect/QOpOjsWvAr>).

We look forward to seeing you there.
